

## MARKET REPORT – DECATUR LIVESTOCK MARKET

**Consignments** from January 15, 2018, from 201 sellers were 1104 head including: 20 Bulls, 283 Cows, 45 Calves, 148 Longhorns, 173 Stocker Heifers, 230 Stocker Bulls/Steers, 98 Feeder Heifers, 107 Feeder Steers. Average price = \$678. Last sale = \$689. A year ago = \$633. USDA regional report called market on feeder steers \$4-\$6 lower, heifers steady to \$3 lower as result of large numbers hitting the market in last 10 days. Moderate demand for calves due to limited wheat grazing and forecasted ice and snow Monday night. DLM went against the USDA results with heifers prices \$1-\$5 higher, 8 weight steers and heifers had good gains as did 2-3 weight steers. We had strong response for several consignments of bred heifers and cows that we have been advertising as well as pairs. The largest single consignment was 47 Angus heifers averaging 848#, mostly 7 months bred selling for \$1200-\$1250. Packers lost last week's gains.
