Average price = \$882. Last sale = \$806. A year ago = \$1128. Our market responded strongly to last week's positive movement on Wall Street and the commodity market. As compared to last week, 3-4 weight steers advanced \$13-\$18/cwt and 5-7 weights were \$7-\$9 higher. 3-5 weight heifers were \$12-\$19 higher on average. In addition to the stimulus of gains in the global financial markets, we also had improvement in quality of calves. Still not many of the better kind of bred cows and pairs being offered but we had a fancy set of 19 Bred Angus heifers sell for an average of \$2000 with an overall average on 29 head of \$1855. Packer cattle \$3-\$4 higher. **Next week we focus on our 1st Monday weaned calf segment – minimum requirement is 45 days weaned and brought in on Saturday. Your vaccination program will be provided to the buyers.**
