

## MARKET REPORT - DECATUR LIVESTOCK MARKET

**Consignments** from June 4, 2018, were 2470 head including: 35 Bulls, 355 Cows, 92 Calves, 216 Longhorns, 585 Stocker Heifers, 476 Stocker Bulls/Steers, 316 Feeder Heifers, 395 Feeder Bulls/Steers. The buyers were loaded with orders for good conditioned calves as the higher prices reveal. It was a good day for our monthly featuring of weaned calves. Feeder cattle also rebounded with \$2-\$4 higher prices. As with most sales, we had the good, the bad and the ugly – the latter two categories experienced deep discounts. An indicator of the overall quality of the consignment can be determined by comparing the high price to the weighted average price, ie 4 weight heifers were \$8 higher but \$8 lower on weighted average – this tells us that most were of lesser quality. Packer cattle \$2 lower. Bred cows steady and pairs \$50-\$75 higher.
