

MARKET REPORT – DECATUR LIVESTOCK MARKET

Consignments from June 19, 2017, from 207 sellers were 1087 head including: 19 Bulls, 176 Cows, 27 Calves, 137 Longhorns, 181 Stocker Heifers, 234 Stocker Bulls/Steers, 96 Feeder Heifers, 217 Feeder Steers. Average price = \$720. Last sale = \$720. A year ago = \$658. USDA quoted the regional market on feeders as \$1-\$4 lower with moderate demand and the calf market trending lower as the futures market continued the downward movement that started 2 weeks ago. The order buyers are singing the blues as their buying parameters are more restrictive. Locally we had \$3-\$6 gains on 6-7 weight heifers and 7-8 weight steers. Pairs were \$10-\$60 higher with packer cows steady to \$3 higher and bulls \$1-\$2 higher. Most of our producers from the northern counties had smiles on their face after seeing .8-1.5 inches of rain this morning. We had enough to settle the dust and cool the temperatures.
