

MARKET REPORT - DECATUR LIVESTOCK MARKET

Consignments from September 24, 2018, were 547 head including: 11 Bulls, 160 Cows, 12 Calves, 53 Longhorns, 98 Stocker Heifers, 141 Stocker Bulls/Steers, 31 Feeder Heifers, 41 Feeder Bulls/Steers. Not many cattle made it out of the pastures this week, so selection was limited. On the other end of the supply chain, many receiving pens were under water or deep in mud to the point that they needed to hold off buying cattle today, especially calves. Packer prices were \$1-\$3 higher as were feeders. Too few bred and pairs to meet demand or truly test the market. Next sale will feature the weaned calf segment. Minimum requirements: weaned 45 days or more and arrive at DLM by 5 pm on Saturday. Information provided to buyers for these calves includes weaning date along with the type and date vaccinations given, if any. Respiratory vaccinations are recommended.
