

MARKET REPORT – DECATUR LIVESTOCK MARKET

Consignments from October 7, 2019, were 2258 head including: 34 Bulls, 312 Cows, 30 Calves, 207 Longhorns, 477 Stocker Heifers, 544 Stocker Bulls/Steers, 239 Feeder Heifers, 415 Feeder Steers. Riding through the pens of 2258 head of cattle after the overnight 40-50° drop in temperature, the importance of weaning and vaccinating is evident. 46% of the 1600 calves and yearling supply were weaned and manifested very little negative response the temperature change resulting in strong demand and higher prices for these cattle. In contrast, many of the unweaned calves were breaking by days end. Several producers who have been blessed with rain recently were back in the market on the same day that we had a better supply of stocker cows – a good deal for seller and buyer. Packer prices were steady to \$2 lower. **Consignments being accepted for our annual “Fall Roundup” Special Replacement Sale. The sale is scheduled for Saturday, November 17. To consign your cattle, give us a call at 940-627-5599.**
