

MARKET REPORT - DECATUR LIVESTOCK MARKET

Consignments from October 22, 2018, were 1376 head including: 20 Bulls, 316 Cows, 37 Calves, 86 Longhorns, 313 Stocker Heifers, 371 Stocker Bulls/Steers, 96 Feeder Heifers, 143 Feeder Bulls/Steers. In spite of the October On Feed Report recording highest total inventory in history of the report and many receiving pens still being under water, the market for steer calves was higher while heifers were mostly steady. The forecast for more rain this week dampened the increased demand anticipated because many markets were closed last week. Bred cows were mostly 2-4 months bred and less than 1000#. Packers prices were steady to \$1 higher. Positive reports on the wheat pastures indicate good demand for stocker calves this fall, especially for the market ready ones – ie, weaned, steered and respiratory vaccinated.
