

MARKET REPORT – DECATUR LIVESTOCK MARKET

Consignments from October 31, 2016, from 229 sellers were 1322 head including: 22 Bulls, 324 Cows, 51 Calves, 101 Longhorns, 228 Stocker Heifers, 257 Stocker Bulls/Steers, 110 Feeder Heifers, 199 Feeder Steers. Average price = \$620. Last sale = \$643. A year ago = \$905. The regional market reported gains of \$3-\$6 on feeders and \$3-\$8 on #1 and #2 weaned calves. Compared to last week when we had a high ratio of #1 and #2 weaned calves, your local market prices dropped back in line with the regional market. We had very few weaned calves and higher ratio of Xbred and #2-#3 quality. Order buyers were working within tight parameters and had trouble filling their orders either because of quality or prices so instead of 10-15 buyers bidding on some animals there were 4-5 bidding. Most of the young bred were 700#-975# heifers 2-5 months bred selling for \$760-\$1050. These were not of same quality as those in our Saturday special sale that sold from \$925-\$1700. *Our next weaned calf segment is scheduled for this next Monday, November 7. Please refer to our website for more details.*
